

# ENTER **SAVAGE MODE.**

Introducing the all-new Savage A40 welding helmet.

**SAVAGE**  
A40

WITH RADICAL DESIGN CUES INSPIRED BY  
OUR BEST-SELLING SENTINEL™ A50 HELMET,  
A BRIGHTER VIEW, AND ENHANCED COLOUR  
DEFINITION, **THE SAVAGE A40 AUTOMATIC  
WELDING HELMET LETS OCCASIONAL  
AND PROFESSIONAL FABRICATORS ALIKE  
UNLEASH A NEW WORLD OF WELDING  
AND CUTTING PERFORMANCE.**

# **EXCEPTIONAL COMFORT.**

Savage A40's lightweight shell comes with all-new adjustable headgear to provide exceptional comfort while protecting from heat, sparks, and spatter – no matter the application.

**ERGONOMIC  
HEADGEAR**

  
**LIGHTER  
WEIGHT**

## ***CRAZY*** OPTICAL PERFORMANCE.

We equipped Savage A40 with a 99.8 x 49.7 mm viewing area for a wider field of vision and greater spatial awareness. Its 1/1/1/2 optical-class lens features our ultra-clear true-color technology for increased weld pool clarity and enhanced definition. The result? A bigger, better view.

# **EXTREME TECHNOLOGY.**

With Savage A40, the sensitivity and delay controls inside the helmet allow for seamless setting adjustments and Savage A40's four light sensors provide a faster auto-darkening response, especially when working out of position.

**SENSITIVITY AND  
DELAY CONTROLS**

**EXTERNAL  
GRIND MODE**

**9-13 SHADE  
KNOB**

## ***WILD* EXTERNAL FEATURES.**

Just like Sentinel, Savage A40 comes with an externally activated grind mode button for superior convenience and its DIN 9-13 adjustment knob makes it easy to change shades, even while wearing a heavy glove.
